

Instructions for examination

1. Allow to use any types of calculator but must be reset before taking the examination.
2. Do not allow to bring any documents including dictionary into the examination room.
3. There are 6 questions. Each question has 10 points. The total is 60 points.
4. The answer must be shown the detail of calculation.
5. The answer must be done on the sheet of each question only (both front and back of the sheet). Do not separate the examination sheets.
6. Write Name, ID, Section and Seat No. on all sheets. If they are blanked, it will not be marked.
7. Allow using a pencil.
8. Any communication devices are not allowed.
